As a Utah business, you are invited to attend the
U.S. Army Corps of Engineers Construction Quality Management for Contractors Training

The Governor's Office of Economic Development - PTAC Offices and Logistic Specialties, will host a day and a half training session with the US Army Corps of Engineers, Sacramento District. On completion of the training and passing of the exam, certificates will be issued. **These certificates are required for Quality Control personnel on all Corps of Engineers projects and are good for 5 years.**

This two day workshop normally costs several hundred dollars to attend, but it is being offered free of charge to Utah businesses and will provide the background, concept of requirements, and certification expected by the Corps of Engineers in order to do business with them. Items discussed will include:

- Construction Quality Management
- Contractor's Review
- Quality Management Planning
- Post – Award Orientation
- Submittals
- Quality Management for Construction Projects
- Making the System Work
- Quality Control System (QCS) and Resident Management System (RMS)

Please be aware that the registration for this course is on a first come first serve basis and there are only a limited number of spaces available. Once all slots are filled, a wait list will be maintained, and in the event of cancellations or withdrawals, extra slots will be then issued in the order that companies are placed on the wait list.

Dates for 2-day Course:
Tuesday, **Novembe**r **14, 2017 8:00am – 4:00pm**
(continental breakfast will be served and a break for lunch will be given)
Wednesday, **November 15, 2017 8:00am – 2:00pm**

Location: Dixie State Business Resource Center
1071 E. 100 S. Building C
St. George, UT 84770
