

Technology Commercialization & Innovation Program

INSTRUCTIONS FOR COMPLETING AND SUBMITTING GRANT APPLICATION

STEP 1: **Mandatory Pre-Application**, please click on the "Online Pre-Application" link below.

NOTE: In the "Application Title" field, please enter a nickname (15 characters or less) not a description. This nickname will be used to identify your application throughout the application process.

STEP 2: Online **Grant Application** (ONLY after you have successfully completed and submitted the pre-application and letter of intent, and received the email with your log-in information)

NOTE: Applications can be saved in draft form before submitting. You may resume editing your application by clicking the "My Applications" link on the top menu bar, and then clicking the "Edit" icon next to the application. We recommend saving the answers to the application on a static document as you go through the process to avoid any issues due to internet connectivity to avoid any information getting lost.

STEP 3: A **10-slide PowerPoint Presentation** of your proposal must be submitted along with your application. Please use the template provided below for the 10 Slide Powerpoint Presentation. Formatting, font, color, etc. must remain the same. We recommend saving it as a PDF and submitting it in that format.

STEP 4: A **Capitalization Table** that outlines the founders and investors percentage of ownership, equity dilution, and value of equity in each round of investment must be submitted. We recommend creating this in an Excel spreadsheet and submitting it as a PDF.

STEP 5: Applicants have the option of uploading a maximum of **2 letters of recommendation** to support their application.

STEP 6: Applicants have the option of uploading a **Two Minute Video** which focuses on the team and their roles as well as the technology and company. The first minute should be devoted specifically to introducing the team, their roles, and experience. The second minute should be about the technology & company regarding what sets it apart, the competitive landscape, and the value to the end user.

The url link to the video should be created in YouTube and submitted in the Application. Make sure the video is not marked as "private." Private videos can only be viewed by someone logged into your account. If you would like to keep your video hidden to avoid others from viewing it, please mark it as "unlisted." This will allow the reviewer to view the video without access problems.

The complete TCIP application packet includes the following. Do not submit any additional Documentation with the application.

- a) Online Pre-Application
- b) Online Grant Application
- c) [10-Slide PowerPoint Presentation](#)
- d) Capitalization Table
- e) Optional letters of recommendation (2 maximum)
- f) Optional Two Minute Video

Be sure to include on the application form, email addresses for all persons to be communicated with regarding your application. Subsequent request to add persons is not guaranteed to be complied with.

If you have problems with uploading files through the portal you can send them to tcip@utah.gov
