Attention All Prime Bidding Contractors:

UDOT Announcement Date: 8/01/2014

UDOT has made corrections to the Electronic Bid System module 5.09v2 and 5.09v2upd. Please comply with the following.

PRIOR TO September 1, 2014, it is mandatory for ALL bidders to download the new 5.10upd to place bids on UDOT construction projects. EBS version 5.10upd will replace any existing UDOT Electronic bid module without eliminating bid information.

EBS version 5.10 is for new bidders loading the UDOT Electronic bid module for the 1st time. It will eliminate any previous EBS version and data that may be on your system.

Both can now be loaded from UDOT's Project Explorer site under EBS Information.

Existing EBS bid data will not be effected. 5.10upd will not override your current information and only offer you the following enhancements:

- Contract time bid items will now reflect the allowed minimum/maximum range according to Project Specification, 00221S, Bidding Contract Time
- Title Bar will read Program Version 5.10
- Help dropdown in the Menu Bar will offer a link to Project Explorer, EBS Information, 5.10 Help Manual
- Additive bid items will not be shown in DBE Commitment and Good Faith Effort. DBE goal is based on base bid items only.

In order to bid UDOT projects as a prime contractor, the download of version 5.10upd and version 5.10 is mandatory PRIOR TO September 1, 2014 or your bid will be considered irregular and rejected as non-
