DPG Commander’s Welcome

COL Scott Gould

Dugway Proving Ground
ATEC Commander
Mission

U.S. Army Dugway Proving Ground executes efficient testing and support to enable our nation's defenders to counter chemical, biological, radiological, and explosives (CBRE) hazards.
BLUF: Test Tube to Battlefield

Dugway Proving Ground is responsible for testing and evaluating nearly all chemical and biological defense capabilities including protective gear, detection systems, and decontamination equipment. DPG supports additional critical U.S. Army and DoD activities, including military training, testing of smoke and obscurants, and the development, testing, and integration of unmanned aircraft systems.

Dugway Proving Ground is the nation’s designated Major Range and Test Facility Base for Chemical and Biological Defense (C/B) Testing and Countering Weapons of Mass Destruction (CWMD) Support.

No Out-of-Pocket Costs

- No cost and no risk to join and participate
- Buyer-funded transaction fee
The Simplified Acquisition Threshold Supply Procurement Program (S2P2) was implemented to reduce the end-to-end time to fulfill an end-user’s procurement requirement. It created a better process for producing government price estimates, defining requirements and reducing inefficiencies in the procurement lifecycle.

**S2P2 Program**

**Simplified Acquisition Threshold Supply Procurement Program**

SAT starting at $10,000, capped at $250k
Open Market/Small Business Set Aside
Commodities Only

**How it Works**

- End User posts a Request for Quotation (RFO) on FedBid
- Sellers Offer Concealed Bids & Compete Prices Down
- Auction Closes
- End User Evaluates For Technical Acceptance
- S2P2 Office Completes the Award
