Date: Tuesday, September 17, 2024

Registration: 8:30 A.M.

Presentation: 9:00 A.M. – 11:00 A.M.

Location: Davis Tech Business Resource Center

Address: 430 Simmons Way, Kaysville, UT

One-on-One: 11:00- 12:00 P.M.

Enos Cummings, the Hill Air Force Base Ecosystem Director of the 309th Software Engineering Group (SWEG), along with some of his technical personnel, will lead the briefings and discussions. His team will be available to answer questions and facilitate one-on-one discussions during the event. This will be an excellent opportunity for in-depth interactions and to gain a better understanding of SWEG's initiatives and abilities.

SWEG develops, verifies, and integrates software for various systems and platforms including aircraft, satellite communications, and intercontinental ballistic missile systems.

During the briefings, they will outline numerous opportunities with SWEG, highlighting key areas such as:

- Managing Data
- Secured Networks
- Infrastructure
- Artificial Intelligence (AI)

These discussions will offer valuable insights into how SWEG is advancing in these critical areas and how they can impact various defense systems and technologies. Also, to include potential windows of opportunities for Utah Businesses.
